The en-suites are semi indoor/outdoor with private baths, large showers, and a garden. Current bedding configuration consists of two single beds, covered with a king-size bed topper.

The 3 bedrooms can sleep up to 7 people comfortably. Each bedroom has its own gas water heater for instant hot water. canopy providing protection from the sun.

The villa has an open living area with beautiful teak wood floors, a fully equipped kitchen including an induction stovetop, fridge, and a hot & cold water dispenser.

The bedroom boasts a king-size bed with a wrap-around mosquito net and a block-out curtain for privacy, with big windows that overlook the jungle. The villa has its own booster feeding wifi, and you will find multiple international power points and USB points throughout.

** Please note: there are 2 unfinished project areas that are attached to the master building on the 2nd floor. The original intention of the owner was to build a music recording studio with a full bathroom, kitchen and lounge area. However, this area could also be turned into another guest apartment with private access from the main entrance gate.

Similarly, the second space underground beside the pool, could be converted into a smaller 25 sqm optional bedroom space, or a massage/spa room with an en-suite bathroom.

Also included on the property is a 40 sqm laundry area including a bathroom, a 12 sqm lockable storage room, a lockable 8 sqm tool shed/workspace for maintenance staff, and a vegetable garden.

There is a 70m deep bore water spring pump feeding clean water to 2 main water tanks on the roof.

Lastly, at the entrance to the villa, there is a spacious undercover car parking area (fit for 2-3 cars & 20+ motorbikes).

It's hard to believe that this modern villa exists only a short ride away from the center of Ubud. This property is the embodiment of modern luxury and refinement. It can either be a perfect family home with all of the facilities that you need for a comfortable life, or it can be utilized as a solid revenue stream investment business.
