principles seeking original experiences.

The three-bedroom villa features striking changes of floor level to create interest and define spaces. The huge open living and dining room fans out from a raised platform alongside the kitchen, widening to the garden and pool area at the front. Secluded on separate sides of this vast living area, the three bedroom suites each enjoy complete privacy and outdoor space in the form of a deck, terrace or bathroom garden.

A light-flooded living and dining area, defined by dramatic overlapping roofs and a mix of angled and curved walls forms the heart of the villa. Handsome furniture rests on the acid-washed marble floors that flow unrestricted from the edge of the pool to a raised area of polished Merbau-wood opening onto a very well equipped kitchen.

Edging right into the living area for toe-dipping convenience is the Jacuzzi and shallow section of the swimming pool. Another social space is created by the pool deck and garden with sun-loungers.

The design intelligence so noticeable in the villa creates an unprecedented sense of privacy for all three king-sized bedrooms, which lie off the main living area behind statement walls of stone or via well-screened entrances set at an angle or on different levels. The spacious master bedroom enjoys a glamorous bathroom with large bathtub, shower, double basins and a private garden. The guest bedrooms are just as enticing and secluded, with equally gorgeous indoor/outdoor bathrooms, many also featuring their own private garden areas.

The villa part of the professional management rental pool to obtain rental returns throughout the year. This is a very good lifestyle investment where you can enjoy a five star property and the rental returns will cover operating expenses throughout the year and also providing spending money for your holidays here in Bali.

With a very attractive long term lease agreement until 15.01.2058 and the option to extend for further 40 years this investment will provide many happy years ahead for your family. For a foreign investor the leasehold title can be registered directly into your family name and is 100% legal!
