particular lot would be ideal for something along the same lines.

Beautiful

ocean and sunset outlook from the property and enjoy the twinkling lights from the Bali mainland in the distance during the balmy evenings. Sunsets Bay just a stroll away, the exclusive Sandy Bay a 2 minute scooter ride and a couple of more minutes Dream Beach, very popular for swimmers/sun tanners.

Both the 4000m2 and 5545m2 lots were originally to be developed in conjunction with another 3 adjoining lots by the deceased owner, specifically for a 6 star resort including hotel, restaurants, bars and private villas/studios, the calibre of which Lembongan is yet to experience. Hundreds of thousands of dollars spent on architectural plans, concepts, licence applications, surveying, feasibility studies, detailed construction estimates etc etc. All 5 properties can still be purchased as a package at a discount and with all of the above hard work/vision already completed. Perfect for larger hotel/resort consortiums or syndicates looking to create something truly special on a tropical island paradise.
